SITUATION :

You work as a technician for a British bespoke fitted designer. Your manager wants you to help a customer to fit out the space in a living room.

- ✓ Introduce yourself and present the company you work for.
- ✓ Present him/her the main possibilities to create functional cupboards and shelves.
- ✓ Say what is possible to do on the floor and on the walls to create a pleasant and cosy space.
- ✓ Select different pieces of furniture (and materials) to add in the place for a very relaxing atmosphere.
- ✓ Explain your customer in a few words why the project is easy to manage for you.

Bespoke Cupboards

Practical storage solutions with appealing style

Thinking about investing in made-to-fit cupboards?

These bespoke cupboards blend beautifully with existing décor and fit with **unerring precision*** into any space, giving you a home with more space. You'll be surprised and delighted to see how an *Empatika* bespoke cupboard fits stylishly into your home just like it was meant to be.

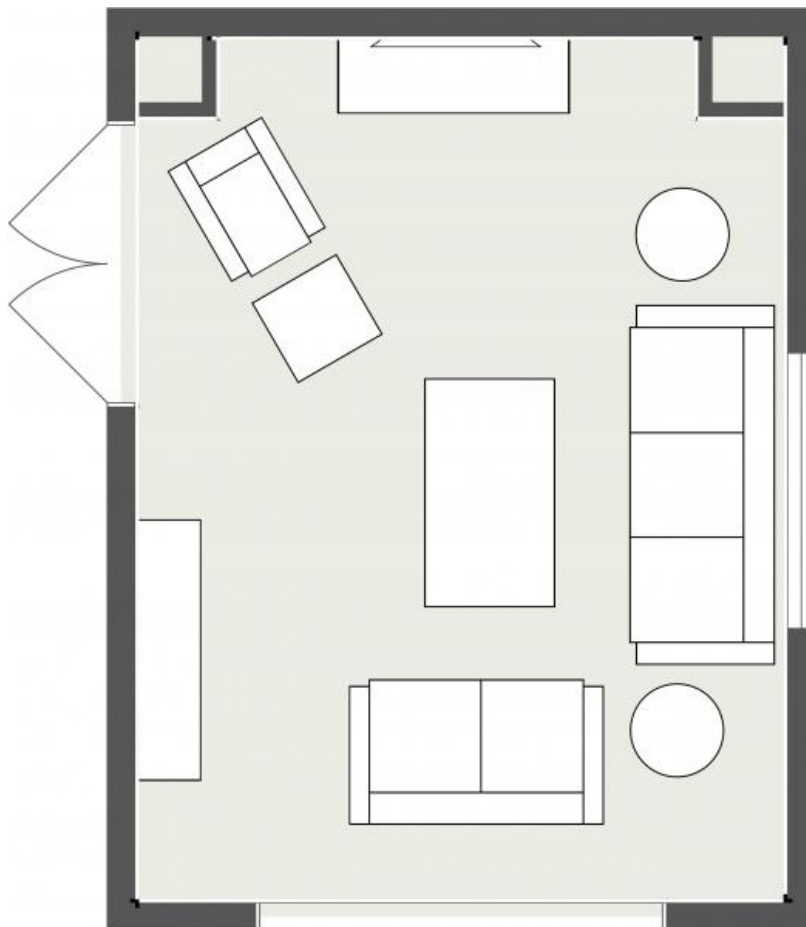

Rooms with unconventional layouts can often mean compromising on storage and space. Bespoke fitted cupboards overcome the logistical problems of trying **to shoehorn*** shop-bought cupboards into difficult spaces. And, in many cases, standard furnishings can look out of place in the home, while bespoke cupboards suit your space, needs and taste perfectly.

* **to shoehorn**: to force to enter

* **unerring precision**: extreme precision
