Script :

Ten green bottles hanging/standing/sitting on the wall
Ten green bottles hanging/standing/sitting on the wall
And if one green bottle should accidentally fall,
There'll be nine green bottles hanging/standing/sitting on the wall.

Nine green bottles hanging/standing/sitting on the wall,
Nine green bottles hanging/standing/sitting on the wall,
And if one green bottle should accidentally fall,
There'll be eight green bottles hanging/standing/sitting on the wall.
….
One green bottle hanging/standing/sitting on the wall,
One green bottle hanging/standing/sitting on the wall,
And if one green bottle should accidentally fall,
There'll be no green bottles/standing/sitting/hanging on the wall.
